The Town Board discussed the adding of new water customer policy ideas. These same policy ideas were also discussed at the Village board meeting. The policy ideas are as follows:

- All new residential, not commercial, customers can connect to the existing line.
- The water district will pay for ½ of the materials, for new customers, up to 100 feet to the residence. The customer is responsible for the other ½ and if there is anything over 100 feet.
- The water district’s portion will not exceed \$1000.
- Customers will have to abide by the current fee schedule. For example, they will be responsible for paying for the curb box and also for the opening of the street.
- This policy will be in effect until June 2017 then it will be review and revised if necessary.

The Town Board thought these were good ideas as well. However, they did have some questions as to who determines who is considered residential and commercial. Supervisor Gould will bring this up at the Water board meeting. The Board also talked about seasonal customers who leave in the middle of a billing quarter charge. They will discuss more at the next meeting after the water board has met.

Supervisor Gould also let the Board know that more money was borrowed to put in a new water tank where the old Bolivar water tank used to be. This is a new loan so a new SEQR was required.

The next water board meeting is September 27th.

After some discussion, the Board agreed that if remains were placed and the family wants to move the remains because there is a disagreement with whom is supposed to be placed in plot, the Town can offer 3 options:
 1. Loved one can be moved to new plot however, the family will be responsible for 2 grave openings plus purchasing of new plot. And loved one can only be moved under the supervision of a licensed funeral director.
 2. Can purchase a plot near the loved one.

3. Or leave loved one as they lay and under the current regulations, two sets of remains are permitted in one plot as long as remains are either 1 full burial and 1 cremation or 2 cremations. Only need to pay associated fees once the time comes for the second set of remains.
